WHO WE ARE

Crystalex builds on the world-renown tradition of Czech glassmaking and takes it into the 21st century and beyond. Originally from Nový Bor, a town which has for centuries been the center of Northern Bohemian glass industry, Crystalex offers the best of Czech glassmaking craftsmanship. We are the biggest producer of drinkware in all Czechia and are among the foremost glass producers worldwide. Over 90 % of our production is exported to over 80 countries around the world. Crystalex ships the unique spirit of Bohemian glass and crystal to the EU, Russia, Ukraine, and Eurasia, as well as to clients in the Americas, Africa, Australia or Eastern Asia. We offer smart, on-time service which is streamlined for the needs of a modern, fast-paced world while remaining ecologically conscious and whole-heartedly dedicated to sustainability.

MADE IN

BOHEMIA CRYSTAL

For over fifty years, Crystalex products have been carrying the Bohemia Crystal™ trademark which guarantees the highest quality in both material and production processes. Products designated with this prestigious trademark have become synonymous with the tried and tested quality of the Czech glassmaking craft. We are proud that we can continue to offer products which merge historical experience and tradition with modern technologies and the ingenuity of Czech specialists.

BOHEMIA SPARKLE

All our products are manufactured from Sparkle™ glass, and we have decided to create a trademark which would encapsulate all its unique characteristics under a single banner. The premium Bohemia Sparkle™ trademark caters mostly to the segment of hotels, restaurants and catering (HoReCa). Apart from perfect optical qualities, products designated by this trademark fulfill the demands for professional glassware, including a thicker glass wall and a firmed rim. Crystalex has furthermore expanded the B2B logistical approach, which assures our customers effective service and safe delivery, every time.

BOHEMIA

PRODUCTION

We take pride in our technologies and invest much energy and resources to streamlining and improving our automatic production lines. Crystalex understands that industrial production must move with the times and that we have great responsibility towards our employees, our community, and environment.

But our main gift to the environment and the planet as a whole is found in all-electric melting which does not produce nitrogen oxide (NOx) and other pollutants associated with gas and combined heating methods, while remaining maximally effective. We use only certified melting furnaces which we designed and developed right here at Crystalex, and which assure the most ecologically responsible mode of production.

Our designers use a spectrum of both traditional and wholly original decorative methods, like pantograph, machine cutting, painting, or screen printing, often combining them in fresh new ways. Crystalex has perhaps the widest range of decorative glass techniques in the entire world, and our products' fine aesthetic qualities allow us to ship over 50 million pieces of glassware per year to clients worldwide.

HERITAGE

The Heritage collection carries on the tradition of northern Bohemian glassmaking, presenting the best of Bohemian serial glass production of the past decades and beyond. These designs have been tried-and-tested through past years and their iconic decorated stems possess a timeless beauty which has since become popular all around the world. Crystalex is proud to carry on the good work started by our predecessors.

ROMANTIC

COLLECTION

ANGELA

Crystalex has been producing this romantic set of drinkware for over 20 years, and Angela has remained popular up until today. The set is offered in both smooth and decorated versions and is unique for its characteristically styled stem which feels almost organic to the touch.

Heritage

Design – Alena Holířová

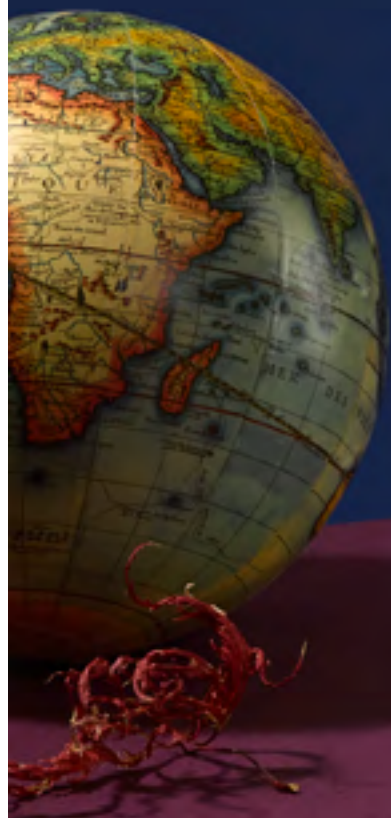

CLAUDIA

Since its first production in 1974, Claudia has been a world-wide best-seller. The design picks up on the traditional shape of European goblets and casts them in fine Czech crystal. Many things have changed since the first Claudia glasses came off the production line some 45 years ago, but fortunately good glassware hasn't changed one bit.

Heritage

Design – Miloš Matoušek

GRACE

Grace has been making waves in the world of glassware, melding tradition and modernity in fresh new ways. The collection takes the traditional stemware form and updates it for the tastes of a contemporary world: it is elegant, smart, simply graceful.

Pantograph

Despite enjoying a tradition of over 150 years in use, pantograph remains one of the most challenging techniques for glassware decoration. First, an experienced craftsman must apply wax onto the product and then use a system of needles to draw the desired pattern. The cup is then bathed in an etching bath which finishes the process. The product can be further decorated, for example by adding a gold finish, or by coloring.

DECORATIVE

COLLECTION

HONEYCOMB

This hexagonal pattern has a honeycomb shape, paying homage to one of the most important species on the planet. Bees are busy, industrious, and make honey for both man and animal, benefitting themselves and the wider world. This glassware allows you to see the world through their eyes.

Pantograph

Design – Petr Rehák

GRAPES OF THE SUN

Grapes thrive on the energy of the sun, and people thrive on good wine. Taste the full bouquet of your favorite beverage in this classic stemware set which exalts the Sun from which all good things come.

Pantograph

Design – Petr Rehák

PALM MEMORIES

Pantograph technology allows our designers to cut fantastic motifs, like these golden palms inspired by coconut and sabal palm leaves. You can almost hear the rustle, evoking memories of past vacations, hot beaches and frothy cocktails.

Pantograph

Design – Eva Ježdíková

MOSAIC

The Mosaic pattern is etched onto the glass and finished with a thin painted strip of gold. See how the detailed parts combine into one elegant whole which gives any set table a breath of festive beauty.

Pantograph

Design – Alena Holířová

LEAVES

These leaves are deep-etched into the crystal glass to provide the perfect play of light. Sunlight shines through both the leafy patterns and the beverage inside, giving each sip a soothing serenity, as if watching sunlight through fluttering green treetops.

Pantograph

Design – Alena Holířová

BROCADE

The pantograph décor is etched onto the crystal glass bordure and completed by a soft touch of gold or platinum. The name is derived from the carefully stitched brocade patterns which provided the original inspiration for this regal cut.

Pantograph

Design – Alena Holířová

WILD FLOWERS

Beautiful flowers are often wild, and these glasses provide a party set which always makes it seem like it is high summer – just add strawberry, raspberry or lime for taste! The Wild Flowers set of summer drinkware just screams Prosecco, but is perfect for serving any bubbly drink.

Engraving

Engraving is done by a fine diamond mounted on a small disc. The product is placed under a stream of running water and the diamond is used to engrave elegant shapes and patterns onto its glass surface. Although diamond is the hardest element in nature, our specialists are able to cut the glass in soft, smooth lines.

Screen printing

This modern method streamlines glassware decoration without losing any aesthetic value. It can either be performed by hand or can be automated. Our designers engrave a stencil on a screen which is then printed onto the individual products, offering a chic visual style.

RHIZOM

The Rhizom motif uses its natural shapes to remind people of the wonder and magic of nature. Are these leaves or fungi, blossoms or microbes? One thing is for sure: they are part of Nature in all its myriad shapes and forms.

GEOMETRIC AESTHETICS

Retro cool is back in fashion with these patterns harking back to classic aesthetic geometries and 80s print designs.

Screen printing

Design – Barbora Zachovalová

ADELE

This layered floral motif is reminiscent of a Venus fly-trap. It is named after Adele – a man-eating plant with a big appetite who became the star of the '77 Czechoslovak film of the same name. When you turn the glass just so that the patterns overlap, an exotic and strange flower blooms right before your eyes. This retro chic is perfect for breaking the ice at any gathering!

BUCANEER RUM

These rum glasses are carrying on their side a sloop of the seven seas and other pirate motifs. Share drinks with your mateys in true buccaneer fashion.

TATTOO WHISKY

This glass is perfect for those who love tattoos – get inspired by these classic Rockabilly, hard rock and biker gang designs. They are rendered in black and gold, giving their hard edge a touch of class.

Design – Barbora Zachovalová

ALCHEMIST WHISKY

The two motifs are loosely based on alchemical and astrological symbolism done in golden, magically thin geometric lines. Look through the glass, and let the two patterns overlap – what future do you see?

BLONDE

A lyrical female motif inspired by the timeless art of Pablo Picasso and Henri Matisse. Stark painted colors peer through the beverage and give an aesthetic perspective on the world.

BURLESQUE BEER

Bottoms up! These classic burlesque motifs are the perfect way to make a special someone very happy. The gift set contains four different burlesque beauties which seemingly come to life every time their glass is filled with a favorite brew.

LOVELY DOTTIES

White on black, black on white – opposites attract in this unique set for two. Together, try to count all the dots on these elegant Giselle cups sprayed in chic matte shades.

Design – Vanda Macová, Markéta Lukavcová

DIAMOND HEART

Opposites attract in Diamond Heart, where the loving motif of a heart is cut into fine glass by the hardest mineral in the cosmos – the diamond.

GLASS HEART

Now you too can drink from a heart of glass with this diamond-cut, stemless drinkware set.

GROWN OVER WITH HAPPINESS AND LOVE

This engraved motif shows love to be a garden which needs tender care and a touch of inspiration to blossom into its full beauty.

WHISKY SET

This set of four whiskey tumblers and an ice tumbler is a testament to the excellence of the Bohemian glass-masters who chose a difficult cut combined with deep pantograph to make these tumblers a truly artisanal product. The method also gives proper brilliance to the crystal glass, making your favorite malt inside positively sparkle every time.

CANDLES

Light and glass complement each other like salt and pepper, cocoa and apple pie, like a burning fireplace in deep winter. That's why we decided to create a unique set of candles which we now offer in three version: the fragrant Cannal Orange, floral Pretty Woman, and the woody Santal Sensual. The candles burn in finely sprayed glasses of cut crystal glass which gives their simple light a touch of magic. All the candles in the Art & Beauty catalog are sent out giftwrapped in a decorative box.
